

HWY61 — QA Test Documents Checklist

For Tim — Gather these before beta launch | Deliver to Drew in: [qa/test-documents/](#)

Settlement Sheets (5)

[qa/test-documents/settlements/](#)

- Handwritten settlement on venue letterhead (photo or scan)

The messy real-world case — tests handwriting parser

- Typed/printed settlement from a club (PDF)

Clean numbers, standard format

- Settlement with crossed-out numbers and handwritten corrections

Tests 'use the replacement, not the original' rule

- Settlement from a versus/overage deal that kicked in

Needs real overage math to verify deal calculations

- Settlement in a non-USD currency (CAD or GBP)

Tests currency handling in the parser

Deal Memos (3)

[qa/test-documents/deal-memos/](#)

- Standard flat guarantee deal memo (PDF)

The most common type

- Versus deal memo with production expense caps, merch terms, billing

Tests extraction of complex deal structures

- Deal memo from a different agency or promoter format

Tests column mapper and alias library against unfamiliar layouts

Route Sheets / Offer Sheets (3)

[qa/test-documents/route-sheets/](#)

- Full tour route sheet in Excel — 15+ dates with cities, venues, offers

Tests CSV/Excel import + column auto-mapping

- Route sheet in PDF format

Tests PDF parsing into show records

- Route sheet with inconsistent column headers (e.g., 'guar', 'cty', 'ven')

Tests the alias library and fuzzy matching

Hotel Confirmations (3)

[qa/test-documents/hotels/](#)

- Standard hotel confirmation email (PDF or screenshot)

Name, address, rate, confirmation number, dates

- Room block confirmation — multiple rooms, group rate, cutoff, attrition

Tests all hotel block fields

- Hotel confirmation in a foreign currency (CAD, GBP, or EUR)

Tests currency on hotel fields

Expense Receipts (5)

[qa/test-documents/receipts/](#)

- Gas station receipt (photo)

The most common expense type

- Restaurant or catering receipt

Tests category detection

- Tolls receipt or EZ-Pass summary

- Gear/equipment receipt from a music store

- Blurry or low-light photo of a receipt

Tests the 'flag uncertainty' behavior

Advance Responses (2)

[qa/test-documents/advances/](#)

- Completed advance form response

Load-in, WiFi, contacts, parking, production notes — all fields filled

- Partial advance response with some fields blank

Tests incomplete data handling

Contact Lists (1)

[qa/test-documents/contacts/](#)

- Promoter or agent contact list (Excel or PDF)

Names, companies, emails, phones, markets — tests contact parser + staged review

Notes

- **Total: 22 documents minimum** across 7 categories
- **File types needed:** Mix of PDF, JPEG/PNG (photos), Excel (.xlsx), CSV
- **Best source:** Real documents from real tours, anonymized if needed
- **Priority:** Settlements and route sheets are the most critical — those parsers touch the most fields
- Send to Drew in a zip or shared folder whenever you have a batch — doesn't need to be all at once
